

"I recommend Jellyfeet™ for Warts, Athlete's foot, and Toe-nail fungus. It is also great at protecting your entire family from shared communicable risks that your feet are exposed to everyday."

Dr. Tanisha Richmond DPM
Expert Podiatrist and Medical Advisor

"I was pleasantly surprised at how comfortable and supportive my Jellyfeet™ were when walking through a terminal to my gate at the airport. I almost didn't remember I had them on... I leave my flip-flops and socks at home now!"

Samantha C. – Minneapolis, MN

"The Jellyfeet™ that I purchased are wonderful! At night, I used moisturizer on dry, cracked heels and the put my "Jellys" on. In just a few short days, my feet were smooth and sexy again. What a revolutionary product! Every woman should have at least 1 pair."

Donna D. – Minneapolis, MN

Our reusable foot covers offers foot hydration by allowing users to apply their favorite moisturizers and medications to their feet while helping with penetration and absorption. Jellyfeet™ also protects the feet. They can be worn indoors or outdoors, over socks, stockings, or barefoot. Made for short-term foot hydration, moisturizing, and protection. Other unique features include; comfort, compression, and water-resistance.

USING JELLYFEET™

Jellyfeet™ are used by men, women, and children for moisturizing and hydrating, and protecting their feet. Anyone looking for freedom of movement in their everyday activities, Jellyfeet™ is for you!

Jellyfeet™ are designed for men, women, and children and for multiple uses, 365 days a year. Jellyfeet™ foot covers were created for comfortable, protective, and water-resistant solution to bare feet, dirty socks, slippery sandals, or bulky shoes and made to work in multiple environments. You can even insert your favorite moisturizers, lotions, foot scrubs, powders, and oils inside to enhance the overall experience.

Jellyfeet™ are created with Health and Fitness in mind, along with providing a comfortable and sanitary solution for many of life's daily activities. After years of traveling through dirty airports, walking on unsanitary hotel floors and feeling uneasy about health club showers, the co-creators of Jellyfeet™ designed this solution.
